

Room Service!

Year 6

This half term we will be exploring the leisure and tourism industry through our new topic, Room Service!

Using Google Sketch Up, you will become architects and design your own 5 star hotel.

Having done this, you will need to market and advertise your hotel, convincing customers that your hotel is worthy of a visit!

We will also be investigating the potential impact building a hotel could have on the environment in our geography lessons.

Challenge

What do you think makes a 5 star hotel?

Key Maths Learning

Area and Perimeter
Measure
Money

Reading & Spellings

Make sure you always have a reading book, either from home, our library or from your class. Everyone should be reading and practising their spellings 3-4 times a week. If you need new reading books you can collect some from the Y6 box in reception.

Working from home

While we are at home we will continue to use Google classrooms to set learning. Please make sure you have checked weekly timetables so you know what learning you have for each day.

It is expected that everyone logs in to as many live lessons as possible and submits work, either through google docs or by sending photos, a few times each week at minimum.

Useful Dates

Justice Week 1st - 5th March
World Book day - Thursday 4th March
Red Nose day - Friday 19th March
